

# FELTON INSTITUTE - SAN FRANCISCO SUICIDE PREVENTION ANNUAL REPORT 2018 - 2019

We are thrilled to present our annual report and share our ongoing successes with you as San Francisco Suicide Prevention continues to save lives in our 57th year. Our enduring approach uses crisis-intervention hotlines, support groups, and risk-reduction trainings. Our vision is to reduce pain, suffering, and loss of life in the Bay Area.

Newly merged into Felton Institute in 2019, San Francisco Suicide Prevention’s hotlines and programs now offer stronger linkages for clients, including referrals and resources for San Francisco youth. Our population will soon be able to access the continuum of mental health services, medical services, and social services that Felton Institute provides. We are also able to strengthen our operations; for example, modernizing our approach to include text messaging and chat services in the near future.

We are excited to move into 2020 bolstered by your dedication and support!

Yours in partnership,

**AL GILBERT**  
President & CEO  
Felton Institute

**PETER ROJO**

## THANK YOU TO OUR SUPPORTERS

San Francisco Suicide Prevention could not exist without the dedication of hundreds of community volunteers, from our hotline workers to event supporters. We also rely on donations from individuals, corporations, and foundations to ensure that the organization can thrive. For more information on donating or volunteering, please visit [www.sfsuicide.org](http://www.sfsuicide.org).

**"I LOST MY BROTHER TO SUICIDE...** My family and I were devastated. SFSP was there for us to help us with timely advice and support through their programs and community. Now I give back to SFSP as an advocate and donor... Service has given me a chance to channel grief and find healing in John's honor."
